

Joining AMPS

If you are interested in joining AMPS, Please go to our web site at www.ampsrc.com and click on the About AMPS tab.

You will find a link to download the AMPS Membership Application. The application includes AMPS Safety Rules and the address to mail the application.

New members pay a \$100 initiation fee and \$75 annual dues. Existing members currently pay \$75 annual dues. Dues are due November 1st of each year and are considered late after January 31st.

New members joining after May 31st pay the initiation fee plus one half the annual dues. New members who join after September 1st pay the initiation fee plus the full annual dues fee which also includes the upcoming membership year.

Come Fly with Us!

Getting Started in RC

Flying RC model aircraft is an exciting hobby providing pilots the opportunity to share their interest in aviation with a community of fellow modelers from all walks of life.

AMPS recommends joining a AMA chartered model club to allow you to enjoy the following benefits:

- Using an AMA sanctioned flying field
- Easy access to instructor pilots who will help you to learn to fly your model for no charge
- Experienced modelers to offer aid and advice on building, assembling and safely flying your model.

Modeling Resources:

Learn more about flying Radio Controlled models at:

<http://www.amaflightsschool.org/>

Get some simulated stick time with a simple inexpensive model simulator for your computer:

AMPS Contacts to Help You Get Started

For questions about joining AMPS please call:

President Jim Mohan— 623 434-1351
Vice President Larry Bishop — 602 369-9008

We'd be happy to speak with you!

Learning to Fly Your Model

Our highly qualified AMA Intro Pilots are happy to help new modelers learn to fly their models. Get off on the right foot by taking advantage of our skilled instructors.

Bob Calcagno — 623 581-7390
Carl Glenn — 602 938-1595
Ken Kihlman —(623) 277-6924
Doug Hamilton — 623 492-0608
Rick Powers — 623 582-1842
Dave Zarra — 623 206-2040

You can start flying immediately with an Intro Pilot while your AMA and AMPS memberships process.

AMA Membership

To fly at an AMA charter club like AMPS, you must be a member of the Academy of Model Aeronautics. This membership links you to modelers across the country and provides you with liability insurance above that supplied by your renters or homeowners insurance.

AMPS recommends becoming an OPEN member of the AMA and invites you to join the Arizona Model Pilots Society.

Find the AMPS Field

The AMPS flying field is located in the Adobe Dam Recreation area on the corner of 43rd Ave and Pinnacle Peak Road. Proceed south on 43th Ave.

We're on the left a short distance passed the gate and just beyond the ball fields.

Club members are present most days and will be happy to answer your questions.
